TEFAP – BALANCED DISTRIBUTION RATES

Case lot distribution to agencies based on columns (4)– (8) below will help assure that families get full variety and amounts based on N.C.D.A. guidelines.

Agencies should distribute to families the full range of items the agency has in stock in the unit amounts per item listed in column (3). A “balanced box” assures you will run out of all products at the same time.

REVISED 6/4/10

ITEM	PACKAGING	UNITS PER FAMILY SIZE 1-3 / 4+	ITEM	NUMBER OF FAMILIES AGENCY PLANS TO SERVE
